## Profile

Few people pay attention to it, but all that is beautiful is in the small details. And for me that detail is the name of a man. So my name is Ahmet. Which comes from the Arabian Countries. The origin of my name lies in the deep history of Islam. But that's not the point now. The meaning of my name translates as Worthy of High Praise and Respect. And my character has been shaped by this ideology. To strive to the end and in all things to be worthy of it.

This is how I can briefly tell you about myself, you will learn the rest in the near future.
